PROFESSIONAL SUMMARY

Junior Software Developer with practical experience building software applications through academic projects, personal development work and collaborative environments. Skilled in Java, Python, C#, JavaScript, SQL and application development, with experience using Git, GitHub, .NET MAUI and web technologies. I enjoy solving practical problems, learning new technologies, and continuously improving my development skills.

My background in administration and customer service has strengthened my communication, organization, and problem-solving skills, which I bring into my work as a developer.

TECHNICAL SKILLS

Programming Languages	Java • Python • C# • JavaScript • Dart
Web & Mobile Development	HTML • CSS • React • Flutter • .NET MAUI • XAML
Databases & Tools	SQL • SQLite • Git • GitHub • GitLab • Docker
Software Engineering	OOP • Unit Testing • TTD • CI/CD • Agile/Scrum
Cybersecurity Log Analysis • Secure Coding • Networking • SIEM Fundamentals	

SOFT SKILLS

Communication • Problem-Solving • Teamwork • Organization

Adaptability • Time Management • Attention to Detail • Continuous Learning

PROJECTS

AI Presentation Coach

C# • .NET MAUI • XAML

A mobile application designed to help users practise presentations and build confidence when speaking. This project focuses on creating a practical mobile experience using .NET MAUI and XAML.

GitHub: github.com/StaceyVanWyk/AI-PRESENTATION-COACH

CyberGuard AI

Python • Streamlit • Pandas • Plotly

A cybersecurity dashboard that analyses security logs and presents potential threats through an interactive interface. The project focuses on log analysis, threat detection and generating security reports.

GitHub: github.com/StaceyVanWyk/ai-cyber-agent

SmartDevices

C# • .NET • xUnit

A C# and .NET console application developed to simulate smart-home devices. The project applies object-oriented programming principles and includes automated unit testing using xUnit.

EDUCATION

Software Development Program

UWC Samsung Future Innovation Lab

May 2026 – February 2027

Cyber Security Analyst — NQF Level 5

Academy of York

April 2026 – Present

Software Engineer

WeThinkCode_

September 2024 – December 2025

Mobile Development Certificate – Elective

WeThinkCode_

Flutter & Dart

Public Management N4–N6

Northlink College

January 2019 – October 2020

National Senior Certificate (NSC)

Tuscany Glen High School

January 2006 – December 2010

WORK EXPERIENCE

Administrator

FPS Properties

June 2015 – December 2018

Managed administrative tasks, maintained records, and supported day-to-day office operations. Acted as a personal assistant to real estate agents, ensuring clients were kept updated on property sales. Assisted agents with finding suitable properties and liaised with Head Office. Organized and maintained an up-to-date client database.

Receptionist

Bowarts Properties

January 2013 – May 2015

Welcomed clients and handled front-desk responsibilities while managing incoming calls and enquiries. Assisted with administrative tasks, maintained records and supported the day-to-day operations of the office.

Cashier

Cash Crusaders

January 2012 – December 2012

Assisted customers with purchases and enquiries while processing transactions accurately. Handled cash and card payments, maintained a clean and organized workspace, and supported daily store operations.

Cashier

Cape Quarter Spar

January 2011 – December 2011

Assisted customers with purchases and enquiries while processing transactions accurately. Handled cash and card payments, maintained a clean and organized workspace.

ACHIEVEMENTS

Mukuru Hackathon Winner

2025
